Risk Management

Risk and Insurance Services

Introduction

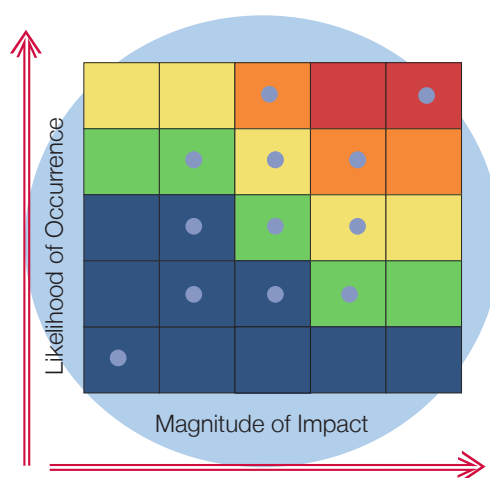

JLT Asia offers a broad suite of risk management services and products to address all forms of risks faced by organisations. Our consulting assignments are lightly engineered and can be easily implemented, helping clients achieve quick, tangible results.

We adopt a partnership approach to work with our clients to institutionalise the practice of risk management within our clients' organisations. We recognise the importance of cultural factors in how risks are perceived and managed. Our consulting philosophy and approach are always adapted to suit the local contexts.

Our products and services include:

- Business Continuity Management
- Business Interruption Assessments
- Captive Consulting/Captive Management Services
- Enterprise Risk Management
- Operational Risk Engineering
- Operational Risk & Insurance Mapping Analysis (ORIMA)
- Risk Management Information Systems
- Risk Modelling
- Strategic Risk Finance Consulting
- Training
- Worker Injury Risk Management

JLT is committed to enhancing the quality of the Asian risk management profession. We provide ongoing logistical and financial support to the Asia Risk Council (ARC), a widely respected and well attended forum for Asia's risk management professionals to meet and exchange ideas.

JLT's experience, credibility and capabilities

- JLT Risk Consulting Asia comprises of a range of professionals from various risk analysis disciplines.
- We have strong experience in assisting a variety of organisations with their risk management needs. We have delivered numerous risk management projects, including risk assessment interviews and facilitated workshops.
- We help our clients to take ownership of their risk assessment through the provision of tailored risk management information systems, designed by JLT Interactive's team of IT professionals.
- We work towards gaining the support of the organisation's management for the risk management processes, as well as help them develop an appreciation for the ever-changing environmental issues that influence risk. In addition, we will work to enhance the existing internal audit programmes.

Risk and Insurance Services
